Water Smart Innovations 2011

Herndon Solutions Group (HSG) was pleased to be one of the sponsors of the Water Smart Innovations (WSI) Conference and Exposition held October 5th through 7th in Las Vegas. Nearly 900 participants from more than 30 states and nine foreign nations participated in the conference that provided 120 professional sessions, pre-conference workshops, and an exposition hall highlighting products and services from more than 40 exhibitors.

American Water Works Association CA-NV

HSG attended the AWWA California-Nevada (CA-NV) Fall Conference on October 17 - October 20, in Reno, NV. Christine spoke about hazardous materials storage, handling, and emergency response procedures specific to public water suppliers. The California, Nevada, and Arizona Water and Wastewater Response Networks engaged in a tabletop exercise, which extended into a tour of the NV Emergency Operations Center. Most notably, the Security and Emergency Preparedness Committee sponsored a discussion regarding Burning Man, which was heavily attended (<http://www.burningman.com>). As always, the conference was a great success!

WaterSense Corner

On October 5, 2011, the Environmental Protection Agency (EPA) announced the 2011 WaterSense Partners of the Year at the annual WaterSense Awards Banquet, co-sponsored with the Alliance for Water Efficiency. The banquet was held at the WSI Conference in Las Vegas, which also WaterSense's fifth anniversary.
