SECTION I: GENERAL PROVISIONS

1. Formation of Contract and Terms and Conditions

(a) This Contract presents BUYER's offer to SELLER. SELLER's signature of acknowledgment, acceptance of payment, or commencement of performance shall constitute SELLER's acceptance of this Contract. SELLER's acceptance of this Contract creates a binding agreement between BUYER and SELLER, which shall be governed by the provisions of this Contract.

(b) This Contract integrates, merges, and supersedes any prior offers, negotiations, and agreements concerning the subject matter hereof and constitutes the entire agreement between the parties.

(c) Additional or differing terms or conditions proposed by SELLER or included in SELLER's acknowledgment hereof are hereby objected to by BUYER and have no effect unless accepted in writing by BUYER.

2. Applicable Laws

(a) This Contract shall be governed by the laws of the State of Nevada, except that any provision in this Contract that is (i) incorporated in full text or by reference from the Federal Acquisition Regulation (FAR), (ii) incorporated in full text or by reference from any agency regulation that implements or supplements the FAR, or (iii) that is substantially based on any such agency regulation or FAR provision shall supersede any State laws and be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, Boards of Contracts Appeals, and quasi-judicial agencies of the federal government.

(b) (1) SELLER agrees to comply with all applicable laws, orders, rules, regulations, and ordinances of the United States and the country where SELLER will be performing the Contract. The provisions of the United Nations Convention for International Sale of Goods shall not apply to this Contract.

(2) If, as a result of any violation of applicable laws, orders, rules, regulations, or ordinances by SELLER, its officers, employees, agents, suppliers, or subcontractors at any tier, (i) BUYER's Contract price or fee is reduced; (ii) BUYER's costs are determined to be unallowable; (iii) any fines, penalties, or interest are assessed on BUYER; or (iv) BUYER incurs any other costs or damages, BUYER may proceed as provided for in (3) below.

(3) Upon the occurrence of any of the circumstances identified in (2) above, BUYER may make a reduction of corresponding amounts (in whole or in part) in the price, or in the costs and fee, of this Contract or any other contract with SELLER, or may demand payment (in whole or in part) of the corresponding amounts. SELLER shall promptly pay amounts so demanded.

(4) These rights and obligations shall survive the termination or completion of this Contract.

(c) If the Work is to be shipped to or performed in the United States:

(1) SELLER represents that each chemical substance constituting or contained in Work sold or otherwise transferred to BUYER hereunder is on the list of chemical substances compiled and published by the Administrator of the Environmental Protection Administration pursuant to the Toxic Substances Control Act (15 U.S.C. Sec. 2601 et seq.) as amended.

(2) SELLER shall provide BUYER with each delivery any Material Safety Data Sheet applicable to the Work in conformance with and containing such information as required by the Occupational Safety and Health Act of 1970 and regulations promulgated thereunder, or its state-approved counterpart.

3. Assignment and Subcontracting

(a) Any assignment of SELLER's contract rights or delegation of duties shall be void, unless prior written consent is given by BUYER, consent will not be unreasonably withheld. However, SELLER may assign rights to be paid amounts due, or to become due, to a financing institution if BUYER is promptly furnished a signed copy of such assignment reasonably in advance of the due date for payment of any such amounts. Amounts assigned to an assignee shall be subject to setoffs or recoupment for any present or future claims of BUYER against SELLER. BUYER shall have the right to make settlements and adjustments in price with SELLER without notice to the assignee.

(b) Without BUYER's written consent, SELLER will not subcontract for the design, development, or procurement of any portion of goods or services under this Contract. This limitation does not apply to SELLER's purchases of standard commercial supplies or raw materials.

4. Changes

(a) BUYER may at any time, by written notice, and without notice to sureties or assignees, make changes within the general scope of this Contract in any one or more of the following: (i) drawings, designs, or specifications; (ii) method of shipping or packing; (iii) place of inspection, acceptance, or point of delivery; (iv) reasonable adjustments in quantities or delivery schedules or both; (v) amount of BUYER-furnished property; and, if this Contract includes services, (vi) description of services to be performed; (vii) quantity of services (i.e., hours to be worked); (viii) time of performance (e.g., hours of the day, days of the week); and (ix) place of performance. SELLER shall comply immediately with such direction.

(b) If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of this Contract, BUYER shall make an equitable adjustment in the Contract price or delivery schedule or both, and modify the Contract accordingly. Changes to the delivery schedule will be subject to a price adjustment.

(c) Any claim for an equitable adjustment by SELLER must be submitted in writing to the BUYER Procurement Representative within thirty (30) days from the date of notice of the change, unless the BUYER and SELLER agree in writing to a longer period.

(d) Failure to agree to any adjustment shall be resolved in accordance with the Section I Part 13 Disputes clause of this Contract. However, nothing contained in this Section I Part 4 Changes clause shall excuse SELLER from proceeding without delay in the performance of this Contract as changed.

5. Commercial Computer Software

(a) As used in this clause, “restricted computer software” means computer program, computer database, or related documentation that has been developed at private expense and is a trade secret, is commercial or financial and confidential or privileged, or is published and copyrighted, and so marked when delivered or otherwise furnished.

(b) Notwithstanding any provisions to the contrary contained in any SELLER’s standard commercial license or lease agreement, SELLER agrees that any restricted computer software delivered under this Contract shall provide the following rights to BUYER and the U.S. government.

(1) The restricted computer software may be:

(i) Used or copied for use in or with the computer or computers for which it was acquired, including use at any government installation to which such computer or computers may be transferred;

(ii) Used or copied for use in or with a backup computer if any computer for which it was acquired is inoperative;

(iii) Reproduced for safekeeping (archives) or backup;

(iv) Modified, adapted, or combined with other computer software, provided that the modified, combined, or adapted portions of the derivative software incorporating any of the delivered, restricted computer software shall be subject to the same restrictions set forth in this Purchase Order or Contract;

(v) Disclosed to and reproduced for use by support service contractors or their subcontractors, subject to the same restrictions set forth in this Purchase Order or Contract; and

(vi) Used, copied for use in, or transferred to a replacement computer.

6. Communication with BUYER’s Customer

(a) BUYER shall be solely responsible for all liaison and coordination with the BUYER’s customer, including the U.S. government, as it affects the applicable Prime Contract, this Contract, and any related contract.

If this PO is placed, directly or indirectly, under a contract to which the United States or any state or other governmental authority is a party, then all terms and conditions required by law or regulation or contained in the government contract with respect to this PO are incorporated herein by reference. SELLER expressly agrees to indemnify and hold harmless BUYER, its successors, assigns, customers, and users of its products from any costs, losses, expenses, damages, claims, suits, fines, penalties, or any liability whatsoever, including attorney's fees, resulting from the failure of SELLER to comply, in the furnishing of goods or services under this PO, with all applicable foreign or domestic federal, state, or local laws, ordinances, rules, or regulations, or orders as set out herein.

SELLER agrees to comply with the terms of any confidential disclosure agreement with BUYER and to comply with all proprietary information markings and restrictive legends applied by BUYER to anything provided hereunder to SELLER. SELLER agrees not to use any BUYER-provided information for any purpose except to perform this Contract and agrees not to disclose such information to third parties without the prior written consent of BUYER.

(b) BUYER engineering and technical personnel may render assistance or give technical advice or discuss or exchange information with SELLER's personnel concerning the Work hereunder. Such actions shall not be deemed to be a change under the Section I Part 4 Changes clause of this Contract and shall not be the basis for equitable adjustment.

(c) Action or direction by any of the BUYER's customers shall not be deemed to be a change under the Section I Part 4 Changes clause of this Contract and shall not be the basis for equitable adjustment.

(d) Except as otherwise provided herein, all notices to be furnished by the SELLER shall be sent to the BUYER Procurement Representative.

SELLER shall have ten (10) days (or a longer period, which BUYER may authorize in writing) to cure any such failure after receipt of notice from BUYER. Defaults involving delivery schedule delays shall not be subject to the cure provision.

(b) BUYER shall not be liable for any Work not accepted; however, BUYER may require SELLER to deliver to BUYER any supplies and materials, manufacturing materials, and manufacturing drawings that SELLER has specifically produced or acquired for the terminated portion of this Contract. BUYER and SELLER shall agree on the amount of payment for these other deliverables.

(c) SELLER shall continue all Work not terminated.

(b) If negotiations are unsuccessful, the dispute may be decided by a court of competent jurisdiction. Pending final resolution of any dispute, SELLER shall proceed with performance of this Contract according to BUYER's instructions so long as Buyer continues to pay amounts not in dispute.

(c) Pending any decision, appeal, or judgement referred to in this provision or the settlement of any dispute arising under this Contract, SELLER shall proceed diligently with the performance of this Contract.

14. Equipment, BUYER's Property

All equipment, tools, materials, vehicles, and/or other articles required for SELLER's performance of this Purchase Order shall be furnished by Seller, maintained in good condition, and replaced when necessary at the Seller's expense. effective when received by the other party until such event and the consequences of such event of force majeure have terminated. (a) If elsewhere in the Contract BUYER is indicated as Importer of Record, SELLER warrants that all sales hereunder are or will be made at not less than fair value under the U.S. Anti-Dumping Laws (19 U.S.C. 1673 et seq.).

(b) If elsewhere in the Contract BUYER is not indicated as Importer of Record, then SELLER agrees that:

The SELLER shall pay all charges of attorneys in connection therewith and, if any judgement shall be rendered against BUYER in any such action or actions, the SELLER shall satisfy and discharge the same without cost or expense to BUYER. However, this indemnity shall not apply to claims, actions, or suits resulting from BUYER's negligence.

(b) BUYER shall indemnify the SELLER against all liability that may result from any claim, action, or suit by any person, based on any alleged injury to or death of any person or damage to or loss of any property that may occur or that may be alleged to have been caused by BUYER in the course of performance of this Contract. BUYER shall pay all charges of attorneys in connection therewith and, if any judgement shall be rendered

against the SELLER in any such action or actions, BUYER shall satisfy and discharge the same without cost or expense to the SELLER. However, this indemnity shall not apply to claims, actions, or suits resulting from SELLER's negligence.

22. Independent Contractor Relationship

(a) SELLER is an independent contractor in all its operations and activities hereunder. The employees used by SELLER to perform Work under this Contract shall be SELLER's employees exclusively, without any relation whatsoever to BUYER, and shall not be entitled to participate in or receive any of BUYER's employee benefits.

(b) SELLER shall be responsible for any costs or expenses including attorneys' fees, all expenses of litigation and settlement, and court costs, arising from any act or omission of SELLER, its officers, employees, agents, suppliers, or subcontractors at any tier, relating in any way to or affecting the performance of any of its obligations under this Contract.

(a) BUYER and its customer may inspect all Work at reasonable times and places, including, when practicable, during manufacture and before shipment, SELLER shall provide all information, facilities, and assistance necessary for safe and convenient inspection without additional charge.

(c) SELLER shall not retender rejected Work without disclosing the corrective action taken.

24. Insurance or Entry on BUYER's Property

In the event that SELLER, its employees, agents, or subcontractors enter BUYER's or its customer's premises for any reason in connection with this Contract, SELLER, as well as any of its subcontractors, shall procure and maintain:

(a) Worker's compensation and employer's liability insurance as required by applicable Federal and state workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy,

except when contract operations are so commingled with the SELLER's commercial operations that it would not be practical. The employer's liability coverage shall be at least \$1,000,000, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.

(b) Comprehensive General Liability Insurance of at least \$1,000,000 per occurrence and \$2,000,000 aggregate. Coverage shall include a "per project aggregate" endorsement granting dedicated ongoing protection for this project. Additional Insured Endorsement on an ISO form CG 2010 and CG 2037 (or substitute forms providing equivalent coverage) is required.

(c) Automobile liability insurance written on the comprehensive form of policy which provides for bodily injury and property damage liability covering the operation of all motor vehicles used in connection with performing the contract. Policies covering motor vehicles operated in the United States shall provide coverage of at least \$1,000,000 per accident.

(d) Umbrella liability insurance policy with minimum limits of \$5,000,000 per occurrence and \$5,000,000 aggregate to cover the damages that become due in case of bodily injury, property damage, and personal and advertising injury with, at least, the same terms and conditions as the policies mentioned above.

(e) Environmental liability insurance written on a comprehensive form policy which shall maintain insurance applicable to the Scope of Requirements as set forth in this Agreement, with limits of not less than \$5,000,000 for each occurrence and \$6,000,000 policy aggregate. This coverage should be maintained for a period of not less than two years after completion of SELLER's Work as set forth in this Contract.

(f) Professional liability insurance written on a comprehensive form policy, which shall maintain insurance applicable to the Work that applies to this Contract, with limits of not less than \$1,000,000 for each occurrence and \$3,000,000 policy aggregate. This coverage should be maintained for a period of not less than two years after completion of SELLER's Work as set forth in this Contract.

(g) Cyber liability and/or third-party crime insurance written on a comprehensive form policy, which shall maintain insurance applicable to the Work that applies to this Contract, with limits of not less than \$2,000,000 for

each occurrence and \$2,000,000 policy aggregate.

All coverage must be placed with insurance companies duly admitted in the respective state of operation and must be reasonably acceptable to BUYER. And all SELLER insurance carriers must maintain an A.M. Best rating of "A-" or better.

SELLER's policy must name HSG as an additional insured on all applicable insurance coverages required and set forth in this Contract. Coverage must be afforded to HSG as an additional insured whether or not a claim is in litigation. Additional insured coverage must apply as primary insurance, not contributory, with respect to any other insurance afforded to the owner and HSG.

Each certificate of insurance must provide that the insurer grant to HSG written notice of cancellation and termination of Contractor's coverage within three (3) days of SELLER's notification by their carrier but no later than twenty (20) days prior. SELLER shall have its insurance carrier furnish to HSG certificates that all insurance required under this Contract is in force for each performance period. Such certificates shall indicate any deductible and/or self-insured retention.

At least two weeks prior to the expiration, cancellation or termination of any policy required by this Contract, SELLER must give to HSG new and replacement certificates of insurance and additional insured endorsements.

SELLER must provide HSG with a waiver of subrogation from each of SELLER's insurers on commercial general liability, automobile liability, workers' compensation, and umbrella/excess liability (along with any other required insurance coverage afforded per written agreement) in favor of HSG with respect to losses arising out of or in connection with the work.

The insurance coverage required must be of sufficient type, scope, and duration to ensure HSG is covered for the liability related to any manifestation date within the applicable statutes of limitation and/or response to any work performed by or on behalf of HSG in relation to the project. SELLER agrees to maintain the required insurance for the benefit of HSG for a period of three (3) years or the expiration of any statute of limitation as may be applicable, whichever is later.

25. Intellectual Property

(a) Unless otherwise agreed by BUYER and SELLER, SELLER agrees and understands that the Work performed hereunder is Work for Hire and as such SELLER agrees that BUYER shall be the owner of all inventions,

technology, designs, works of authorship, mask works, technical information, computer software, business information, and other information conceived, developed, or otherwise generated in the performance of this Contract by or on behalf of SELLER. SELLER hereby assigns and agrees to assign all right, title, and interest in the foregoing Work to BUYER, including (without limitation) all copyrights, patent rights, and other intellectual property rights therein and further agrees to execute, at BUYER's request and expense, all documentation necessary to execute and deliver perfect title of such property to the BUYER. SELLER agrees that it will maintain and disclose to BUYER written records of, and otherwise provide BUYER with full access to, the subject matter covered by this clause and that all such subject matter will be deemed the BUYER's information and subject to the protection provisions of Section I Part 8 Confidentiality of BUYER's Information. SELLER agrees to assist BUYER, at BUYER's request and expense, in every reasonable way, in obtaining, maintaining, and enforcing patent and other intellectual property protection on the subject matter covered by this clause.

(b) If SELLER and BUYER agree that performance under this Contract requires the provision or use of any proprietary programs of SELLER or of SELLER's suppliers such that BUYER and SELLER agree that paragraph (a) of this clause is not applicable to a portion of the Work, then, absent agreement of BUYER and SELLER to the contrary, SELLER shall specifically identify such proprietary programs to BUYER and shall grant to BUYER a perpetual worldwide, paid-up license or sublicense to use, copy, modify, sublicense, and create derivative works from any such proprietary programs. Upon request by BUYER, SELLER shall provide all documentation supporting such licensing rights, including copies of licenses granted by SELLER's suppliers to SELLER. SELLER shall defend and hold BUYER harmless from any and all claims arising in whole or in part from SELLER's failure to comply with this section. There shall be no additional charge for such license or sublicense beyond the price for the Work to be performed under this Contract.

(c) SELLER warrants that the Work performed and delivered under this Contract will not infringe or otherwise violate the intellectual property rights of any third party in the United States or any foreign country. SELLER agrees to defend, indemnify, and hold harmless BUYER and its customers from and against any claims, damages, losses, costs, and expenses, including

reasonable attorneys' fees, arising out of any action by a third party that is based on a claim that the Work performed or delivered under this Contract infringes or otherwise violates the intellectual property rights of any person or entity.

(d) Unless otherwise specified in this Contract, commercial-off-the-shelf software delivered hereunder shall be the most recent revision issued by SELLER. If SELLER issues a new version within 120 days after delivery to BUYER, SELLER shall provide to BUYER at no additional charge a usable copy of the new version and an equivalent license.

26. Language and Standards

All reports, correspondence, drawings, notices, markings, and other communications shall be in the English language. The English version of the Contract shall prevail. Unless otherwise provided in writing, all documentation and Work shall use the units of U.S. standard weights and measures.
